

Laser Scanning & Survey Project

HIGHLIGHTS OF EDUCATIONAL FACILITY PROJECTS COMPLETED

SERVICES PROVIDED:

- ◆ 3D Laser Scanning/Modeling
- ◆ Topographic Surveys
- ◆ Boundary Surveys
- ◆ ALTA/NSPS Land Title Surveys
- ◆ Construction Staking

SCAN/SURVEY PROJECTS COMPLETED:

Judge Memorial High School

- ◆ Topographic survey and monitoring of the athletic field that failed. A scan of the football field was completed to measure the deformation of the field. The surrounding area was also scanned for improvements for site modifications.

Hillcrest Middle School

- ◆ Scanned entire site for an ALTA/ACSM Land Title Survey with topographic and utility information for design of the new school building.

Murray High School

- ◆ Scanned football field for data to be used in the design of the new artificial turf.

Weber State University

- ◆ Scanned the South Science Lab for data used for site modifications.

CLIENTS:

- ◆ Judge Memorial High School
- ◆ Murray School District
- ◆ Weber State University
- ◆ Davis Applied Technology Center
- ◆ University of Utah
- ◆ Alpine School District
- ◆ Salt Lake School District
- ◆ Westminster College
- ◆ Salt Lake Community College
