

## Civil Engineering Project

### ST. GEORGE LIBRARY & MAIN STREET PLAZA

### Commercial Project

#### PROJECT DESCRIPTION:

- ◆ McNeil Engineering – Civil, L.C. provided civil engineering design services including site layout, grading and drainage, utility design for the project site and modifications to existing street frontage on 100 West and 100 South.
- ◆ The St. George facility was a part of recent downtown redevelopment projects nestled in the historic district.
- ◆ McNeil Engineering's Civil Department also provided civil engineering design services for the St. George Town Square located immediately east of the Washington County Library.
