

Civil Engineering Project

ST. GEORGE LIBRARY & MAIN STREET PLAZA

Commercial Project

PROJECT DESCRIPTION:

- ◆ McNeil Engineering – Civil, L.C. provided the civil engineering design services including roadway, parking lot, grading and drainage design, storm water detention design and design of utility relocations and extensions. McNeil Engineering – Civil, L.C. also coordinated with West Valley City and Hunter-Granger Improvement District for review and approval of the site plans.
- ◆ The most recent expansion to the USANA plant included approximately 98,000 square feet of warehouse and manufacturing and approximately 76,000 square feet of office space. The project also included the addition of a 3-level parking garage with 225 parking stalls.
